

The Auckland Sky City Tower

**A rotation pin
Puncturing
The green & blue
Beach ball
Land & sea
Piercing
And punching a hole in
The Aotearoa
Long white cloud Sky**

**Ranginui & Papatuanuku
Earth mother
Sky father
¿A union,
(Or a separation)
Of gods?
A crying shame!**

**A marker
A claim
For all to see (to bear witness to)
An enormous flagpole
A statement
In urban architectural design
Sexy concrete fashion
Bigger
Than all of us**

**A focal point
The axis
A hinge
Around which
All the world
Turns
Revolves
Spins
Rotates
360 degree views
365 days of the year
Seen, apparently,
From everywhere important
(Even from space)
Breaching
Volcanic hill cone blind spots
(that hide the city)
Valleys Mountains Craters
Land & Sea
The works**

**A rotation pin
A hinge
Around which
All the world
Turns**

**David Waring
Auckland, New Zealand, November 2004**
